## **TECHNICAL QUIZ - BY IE & ICI STUDENTS' CHAPTERS**

The IE (I) & ICI Students' Chapters, Civil Department, Easwari Engineering college has conducted a **TECHNICAL QUIZ** on 30/01/2017 at 3:45 PM. The quiz competition was conducted for II & III years based on General Knowledge (Related to civil engineering) and their technical knowledge. There were 8 teams, each team consisting of 3 members.

A set of challenging questions were prepared and a tough competition were made among the teams of the II & III year Civil Engineering Students. This event helped the students to enrich their knowledge.

The quiz questions were divided into three rounds – General Knowledge, Picture Questions and Department Oriented Questions. Following this, there was a final round named ‘Guess the personality’ which took place between two of the leading teams. The panel members for judgment *Dr.Neelamegam*, IE Coordinator presided over the event. The marks were awarded at the end of each round and 2 teams were eliminated at end of every round. At the end of last round the first place was announced.

All the students took part in this event with great enthusiasm and found the event to be very useful. Thus, the event turned out to be a great success and the students are looking forward for more events like this in the upcoming years.

## INDUSTRIAL VISIT- L&T CONSTRUCTIONS

The students of B.E., CIVIL ENGINEERING II year Students from Easwari Engineering college went for an industrial Visit to Sewage Treatment Plant , on 20.03.2017 & 21.03.2017 located at Manapaakam, Chennai under the supervision of Mrs.Chandrakanthamma, Mr.Govindarajan, Mrs.Yazhini, Mr.AshwiAssistant Professors, Civil Dept – EEC.

on that day, the students are split into two batch of students, first batch visited museum and latest trend in construction projects and then proceeded by next batch of students. The key points about safety measures to be followed inside Campus, the Power point presentation of L&T Projects going across India and undergoing in step by step Construction Sequence were learnt by the students.

The students got the real picture of building structures in different orientation like entire building resting in single column and with different shapes of structures constructed over there which proves analysis of construction mechanism.

## **SKILL DEVELOPMENT PROGRAM ON ON CONSTRUCTION PRACTICES**

The IE(I)Students' Chapter, Civil Department, Easwari Engineering College has organized a workshop on SKILL DEVELOPMENT PROGRAM ON CONSTRUCTION PRACTICES on 27/03/2017. The welcome address was delivered by Mr.S.Ramakrishna on behalf of IE(I) Students' Chapter.

The first session of the workshop started with lecture by Mr.R.Jeyakumar Managing Director- Rajparis Civil Constructions Ltd., and CREDAI Tamil Nadu –Secretary on “Activity in Construction Industry and Design Concepts”. He explained about the basic knowledge needed for a civil engineer to come into the construction industry.

The second session started with lecture on “Construction Management” by Mr. Saravana Kumar - General Manager - Project Real Value Promoters and third session on “Cast Control & Entrepreneurship” by Mr. Gopinath- Entrepreneur - Sivaram Constructions.

The afternoon session started with lecture by Dr.Murugasen - Managing Director - Aram Realities on “Smart Cities and Opportunities”. He explained briefly about Smart cities and its planning and execution. The last session was by Dr.T.Arul- Director - Vasantham Promoters on “Practical Problems in Site Management”. Mr. R.GopiKrishnan gave the vote of thanks and the workshop came to end with certificate distribution.

## GUEST LECTURE - GEOGRAPHICAL INFORMATION SYSTEM

The Department of Civil Engineering of Easwari Engineering College organized a Guest lecture on 28<sup>th</sup> March, 2017 for the Second and Third year UG Students. The lecture on “Geographical Information System” was delivered by Mr.S.D.Bernatshaw, Geospatial Consultant, Chennai. He was welcomed by Mr.Gopi Krishnan, Third year student, Easwari Engineering College presented the introduction about the guest.

The one hour session from 11.30am to 12.30pm was absolutely informative to the students from both Second years. The Speaker started the session with presentation on Geographical Information System explained briefly about what is GIS and how it is used. He explained about advantages and applications. He explained the layers of GIS and how the information is obtained. He explained about various fields where GIS is used

The presentation provided a clear knowledge about necessity of GIS and also its usage in present scenario. He also explained about how the GIS is used in gathering information. The lecture came to an end with question hour and many second and third year students asked questions and clarified their doubts.
