

ST.BRITTO'S COLLEGE
FACULTY DEVELOPMENT PROGRAM

NAME OF THE FACULTY: Mrs. JOANSPREETHA **DATE** : 23/9/16

TOPIC : CREATIVE THINKING&TEACHING **TIME** : 2.30 – 3.30

The objective of the session is to emphasis our teaching strategy to suite the learning styles of the students.

It was started with the small video session with art of paintings. Then, the concept of thinking were discussed based on, “How the thinking become a core of curriculum to reach out the students”. Its shows once our thinking become creative it leads our teaching as to be creative. Also, the following question was making out to analyze ourselves:

“Do you love your subject?”

“Do you love your subject passionately?”

“Do you love your profession?”

Once we are ready to answer the above questions . We can able to continue our profession with passion. The better way to implement our teaching in a creative way, the sense of learning strategy should be adopted. Even though there are different learning styles among the students that can be come under four broad categories.

1. Visual Learners
2. Auditory Learners
3. Read and write Learners
4. Kinesthetic Learners

So, according to the category how to make our teaching were discussed followed by a games to reveal our creativeness. The session was concluded “Being a teacher we should be more creative than students, than only we can able to stimulate them”. Our Principal Dr. Thamas Ponraj ended the session by giving remarks of creative thinking play a vital role in teaching profession.
