07TH JAN, 2020

REPORT ON K-12 ACTIVITY

Date : 07th JAN 2020
Time : 09.00 a.m to 11.00 a.m
Venue : St Johns Matriculation Higher Secondary
School : 15, New Colony, Alwartirunagar, Chennai,
TamilNadu 600087

The Mechanical Department of Easwari Engineering College conducted a “k-12 activity” to create awareness among the school students about Science and technology and Career guidance.

Dr .Antony Aroul Raj V has initiated the activity by sharing his knowledge in science and technology field. He also taught about the importance of interpersonal skills and created awareness about the current trends in Engineering field.

The session was further followed by Dr.S.Prasanna Raj Yadav by his attractive speech in the Engineering applications; he also created a impact among the students about the importance of Engineering skills in our day to day life.

Further, a quiz event is conducted for the students and the winners are awarded by a surprise gifts.

The session was ended by presenting a small momento to the school director and staffs by our college faculties.

Further, the School students and staffs showed immense interest in participating in our Project Expo on Jan 9th.
