

CHEMICAL SCIENCE

Process of making face cream:

Introduction:-

Face creams are products that are intended to moisturize and soften the face. They are often semi-solid emulsion of oil and water.

Aloe vera Fruits combo Face cream:-

Ingredients:-

1. Aloe vera gel - 1 tsp
2. Ripad Papaya - 1 small piece
3. Orange - 1 slice
4. Strawberry - 1 small piece

Recipe:-

Take ~~at~~ the fruits and aloe vera put it into the blender. Blend until all ingredients are mixed into a smooth cream.

YOUR FACE CREAM IS READY

VARIATION I WISH:-

Bananas are the secret to well moisturized skin. The Vitamin A in bananas restores moisture and repairs dry skin.
Mash the bananas and mix it into the face cream.

Innovative ideas of mine:-

1. Nivea moisturiser - 2 tsp
2. Sunscreen - 1 tsp
3. Aloe vera - 1 tsp
4. Shimmering powder - 1 tsp

I would use these ingredients for my innovative face cream.
